This is a digital copy of a book that was preserved for generations on library shelves before it was carefully scanned by Google as part of a project to make the world's books discoverable online.

It has survived long enough for the copyright to expire and the book to enter the public domain. A public domain book is one that was never subject to copyright or whose legal copyright term has expired. Whether a book is in the public domain may vary country to country. Public domain books are our gateways to the past, representing a wealth of history, culture and knowledge that's often difficult to discover.

Marks, notations and other marginalia present in the original volume will appear in this file - a reminder of this book's long journey from the publisher to a library and finally to you.

Usage guidelines

Google is proud to partner with libraries to digitize public domain materials and make them widely accessible. Public domain books belong to the public and we are merely their custodians. Nevertheless, this work is expensive, so in order to keep providing this resource, we have taken steps to prevent abuse by commercial parties, including placing technical restrictions on automated querying.

We also ask that you:

+ *Make non-commercial use of the files* We designed Google Book Search for use by individuals, and we request that you use these files for personal, non-commercial purposes.

+ *Refrain from automated querying* Do not send automated queries of any sort to Google's system: If you are conducting research on machine translation, optical character recognition or other areas where access to a large amount of text is helpful, please contact us. We encourage the use of public domain materials for these purposes and may be able to help.

+ *Maintain attribution* The Google "watermark" you see on each file is essential for informing people about this project and helping them find additional materials through Google Book Search. Please do not remove it.

+ *Keep it legal* Whatever your use, remember that you are responsible for ensuring that what you are doing is legal. Do not assume that just because we believe a book is in the public domain for users in the United States, that the work is also in the public domain for users in other countries. Whether a book is still in copyright varies from country to country, and we can't offer guidance on whether any specific use of any specific book is allowed. Please do not assume that a book's appearance in Google Book Search means it can be used in any manner anywhere in the world. Copyright infringement liability can be quite severe.

About Google Book Search

Google's mission is to organize the world's information and to make it universally accessible and useful. Google Book Search helps readers discover the world's books while helping authors and publishers reach new audiences. You can search through the full text of this book on the web at `http://books.google.com/`

ПРОГРАММА

Мраченъ лѣсъ въ ночную пору, когда деревья его принимаютъ чудовищныя очертанія, и временами издали слышатся какіе-то таинственные звуки. Но вотъ откуда-то доносится шумъ: то страшные фантастическіе обитатели лѣснаго царства собираются на ночной пиръ. Шумъ приближается; начинается дикая пляска. Среди нея слышится томное пѣніе русалокъ. Страшный великанъ тяжелыми шагами проходитъ по лѣсу, все сокрушая на своемъ пути. Проносится бѣшеная скачка. Лѣшій выростаетъ изъ пня, достигая чудовищныхъ размѣровъ. Съ разсвѣтомъ, когда на небѣ начинаютъ показываться розовыя облачка, оргія понемногу утихаетъ. Слышатся лишь отголоски пѣнія русалокъ, и тѣ наконецъ замираютъ. Наступаетъ утро. Вдали пастухъ играетъ на рожкѣ. Птицы, почуявъ утро, весело щебечутъ.

PROGRAMME

Sombre est la forêt à l'heure de la nuit, lorsque les arbres revêtent des formes extravagantes et que, de temps en temps, des sons mystérieux arrivent de loin. Mais voici, un bruit inconnu se fait entendre, ce sont les habitants fantastiques du royaume forestier qui s'assemblent pour leur fête nocturne. Le bruit se rapproche, une danse sauvage commence. A travers son emportement, retentit tout-à-coup le chant suave des Roussalki (ondines slaves). Un geant formidable s'avance, en écrasant sous ses pas pesants tout ce qu'il rencontre sur son chemin. Une chevauchée frénétique traverse la scène. Le Léchiy (roi de la forêt) se dresse du fond d'un tronc d'arbre, et atteint des dimensions colossales. A l'approche de l'aube, et lorsque des nuages rosés apparaissent sur le ciel, l'orgie se calme peu à peu. Seuls, les chants des roussalki retentissent encore comme des échos lointains. Enfin eux aussi ils meurent. Le jour commence à poindre. Au loin, un berger joue du cornet. Les oiseaux, sentant venir le matin, gazouillent joyeusement.
